Hi Janet

Jacobs can't make the 12th. In addition, it looks as though Christos will be out for a couple of weeks beginning the 10th.

So, we will need to look to the following week (week of the 15th); or see if we can't make Monday or Tuesday of next week work (I don't think Monday or Tuesday were going to work for DEC, but perhaps calendars have changed). We would also need to check with Jacobs wrt the 9th or week of the 15th.

Doug

Doug/Joel – I've heard back from Grid. They're available Friday, Nov 12 from 11 am to 2 or 3 pm. They've asked for at least 3 hours for this meeting. DEC staff are also available for the 11-3 pm timeslot. Can your team make that time slot?

Please advise at your earliest convenience.

Thx,
Janet
